

Follow these steps to connect your Xbox to the Northwood network:

1. Turn on your Xbox without a game disc in the drive and be sure to connect the Ethernet cable.
2. Select "Xbox Live" from the dashboard.
3. If the Xbox Live screen is displayed then you are connected to Xbox Live. Contact Xbox documentation and support for help with creating and managing your Xbox Live account.

Finding the Xbox 360 MAC Address

1. Go to the System area of the Xbox Dashboard and select Network Settings.

2. Select Edit Settings.

3. Under Basic Settings, check to make sure the IP Settings is on Automatic.

4. Now go to Additional Settings, select Advanced Settings.

5. At the bottom of this screen you'll see a heading called Wired MAC Address.
