This environment is recognized as the first step in preventing an individual from becoming harmfully involved with drugs of any kind, including alcohol.

The distribution, use, or possession of substances which violate state or federal laws are subject to disciplinary action by Northwood University. The University expects students to be aware of their personal conduct and to maintain standards and responsibility, both on and off campus, in regard to alcohol consumption. The University also encourages students to be informed about drugs and any problems that may occur as a result of their use.
